Canva Design Masterclass - Labs

Course code: C156 Version: v1.0 | 30 September 2026

Each lab is self-contained. Open its folder, read the guide, and work with the supplied PNG/JPEG image assets in Canva. Save all outputs inside the same lab folder or your trainer-approved workspace.

Lab sequence

1. Lab 01 - Visual Brief and Layout Exploration - Translate a communication need into a visual brief and two layout directions.
2. Lab 02 - Typography Hierarchy and Message Control - Create a readable three-level type system and apply it to an awareness visual.
3. Lab 03 - Colour and Form Mood Board - Build a controlled mood board that communicates a brand personality through colour, shape and image treatment.
4. Lab 04 - Product Advertisement Design - Integrate product imagery, forms, typography and colour into a persuasive advertisement.
5. Lab 05 - Storyboard Sequence - Create an annotated storyboard that communicates a short visual narrative to collaborators.
6. Lab 06 - Task Flow Design - Model a visual-production workflow with clear actions, decisions and end states.
7. Lab 07 - Aesthetic and Functional Audit - Evaluate a design with a shared rubric and propose specific enhancements.
8. Lab 08 - Peer Review and Iteration - Use structured comments and version comparison to improve a design collaboratively.
9. Lab 09 - Multi-Format Campaign Adaptation - Recompose one message across formats while preserving brand recognition and hierarchy.
10. Lab 10 - Collaborative Brand Campaign Capstone - Integrate brief, mood board, advertisement, storyboard, critique and enhancement strategy into one coherent campaign.
